"the owner himself warned me about doing silly goofy things on the server so i did more silly goofy things on the server" - ashswag, in "Why I Blew Up The Earth"

he has just caused mass pollution

Tumblr Sexyman

A male character who goes viral on Tumblr for perceived attractiveness based on an established formula. Usually white, tall, dresses fancy and is evil or has a 'dark side'. Though the character can be non human or non human and classic sexyman behavior!

Ex: "Sans is literally just a magic skeleton, I have no idea how he turned into a Tumblr Sexyman."

tryhard
pvp kill
my enemies

psychological
damage

him on house arrest (he has broken house arrest many times)

<-

you know what's also evil? capitalism.

their duo name is literally scamduo. peak capitalist and scammy behavior

him and his "business partner" after causing ocean pollution and scamming the owner

<--

kept on spawn-killing this guy in order to get power. how cruel!

PLAYER
SirStirfry

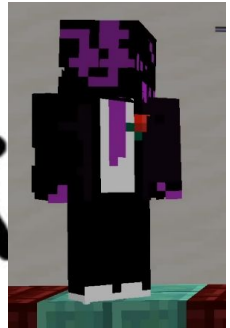

^ him after he lost a court case after claiming multiple countries and the entire end

look at his fits. he looks like he's about to scam you

also tumblr sexy men dress in suits anyways.

sorry i lied in the last slide. he's also canonically a communist

he just part takes in capitalism. sometimes

he has canonically:

- led a group of communists after forcing encouraging them to join his cause
- gone to war over communism
- stolen from capitalists to prove a point

^ stole from his "business partner" from the last slide. ^ _ ^

of course. every sexyman needs a ship

often shipped
with this guy

good thing there's a pretty popular ship
of him!

*authors note: i should say i
don't personally ship them but
also this is a sexyman bracket
and i think we're all familiar with
sexyman ships. also there's
plenty of content that's not
explicitly romantic of them

their shipname is
swagdoons and there are
many Flavors of them the
choose from

if you want a...

- a relationship where they
borderline hate each
other but can't bare to
let the other one go
- power dynamics.
- scammy businessmen
- assholes who hate each
other (affectionately)
- both of them struggling
to survive in a world
where they only have
each other

swagdoons offers all of that!

order of which smps the dynamic is from: lifesteal smp s3, lifesteal smp s3, seaclean smp,
lifesteal smp s4, zombie apoc

a real quote from them. huh

ash: "reddoons, your just...all you need to do is to look pretty, bro.
that's your job."

red: "alright. thank you, ash. i appreciate that you validate my
handsomeness." (laughs)

ash: no worries, man.

red: (laughs)

they have matching outfits +
sleeves :)

to add onto all of the evilness: he also only works on spite and his ego! god bless!

things he did because someone hurt his ego:

- hack
- become god
- leave behind his friends
- killed.
- blew up the entire world
- defamation
- more crimes im forgetting to list

him after losing a court case ->

"that's right. these poor people were standing on months on months of hatred." - him after rigging the entire world to explode ^^

him getting god powers through a backdoor because people kept on targeting him because of his lag

he has issues!

full of malice and hatred .

<ashswagg> in ashswag

his name is. Ash. swag

anyways enough of me being sappy
#ASHSWAGSWEEP

come on. that's at least a little funny. a guy named "ashswag"
being mcytblrs certified sexyman would encapsulate how
batshit mcytblr is

also in general: he's a very cool person that makes cool videos!

if you:

- enjoy the aesthetic of these slides
- enjoyer of deep voices
- want distilled adhd in one 8-10 minute video
- love underdog stories
- love Spite

if you decide this for him you get
this fun dilemma. awesome!

consider checking him out!

 xxswagcorexx

being a mcyt fic writer is just asking yourself "do i really have to make
this guy's last name swag" whenever you're writing an au and tbh i
wouldn't have it any other way
